

TUDOR MUGUREANU

About me

Hi!

As a motivated developer, I'm excited to bring my passion for technology and problem-solving to a dynamic and growing company.

I'm always looking to improve my skills and stay up-to-date with the latest trends and technologies. I am comfortable working independently or as part of a team.

Experience

ENGINEERING

UASM, Chisinau | 2016 - 2021

Faculty: Electrification of agriculture,
Electrical Engineer.

The certificate is equated in Romania

JAVASCRIPT, HTML, CSS

Learn Javascript

Learn concepts of web development, functions, objects, DOM, events, fetch and made a food tracker app from scratch and stored it on Firebase. In this app, you choose food and show how much carbs, protein, and fat it has after showing this in a graphic of how healthy it is.

Next.js & React -The Complete Guide

Udemy - Present

This course teaches me how to build a full-stack app using next.js. Learn all key NextJS features like pre-rendering, SSR, data fetching, file-based routing, and authentication, and build a Blog from scratch after learning how to deploy it on Vercel.

The Complete 2023 Software Testing Bootcamp

Udemy - Present

In this course, I learned Basic Concepts of Software Testing, manual testing, agile testing, different techniques of testing, API & web services.

It gave me the whole picture of testing and then went down for every concept, tool, a skill I need to start testing and understand the testing market.
